We create  
spaces that  
change people.

Founded in 1990, *site design group, ltd. (site)* is a nationally award-winning landscape architecture, urban design, and architecture firm based in Chicago, Illinois. As landscape architects, urban designers, planners, arborists, architects, and creative thinkers, we are a staff of 45 diverse and innovative professionals. We are enlivened by our surroundings and strive to produce creative spaces that inspire, restore, and bring communities together.

*site* is often engaged to collaborate and coordinate efforts with architects, engineers, and other design professionals. Effective communication with the design team and client ensures successful coordination of projects from concept through construction.

As designers, creative thinkers, and engaged citizens, we understand the value of exterior environments that create a sense of place. Successful placemaking leads to the long-term care and use of these spaces by the public. At *site* this is our goal in all we do: to create spaces that are valued and sustained by the communities they reside within in order to maintain long-term relevance and use.

Using functional systems coupled with "out of the box" strategies, we work diligently with our clients to create spaces that excite and engage users, improve the pedestrian experience, strengthen community ties, conserve and enhance the site's unique natural features, and push the boundaries of innovation and resiliency.
