Workshop Meeting Highlights March 5, 2019

2018 ANNUAL REPORT

2018 was the fifth year that the District has provided an Annual Report of the District to the community. Over the years the report has become much more streamlined and provides a readable, understandable and brief snapshot of the District's year in review for the community. It is distributed through two District wide eblasts, available on the District website and posted on the District social media sites. Hard copies are available on request.

Director Harris presented an overview of the 2018 Annual Report highlighting the past year's financial results and achievements, special events and programming, athletic and community events, partnerships and collaborations, distinguished volunteers along with upcoming projects for 2019. The Park Board had a brief discussion and commended the Park District on providing the community with relevant and worthwhile information in a readable and transparent manner.
