

Ackerman Park Improvements Update: 7/20/19 to 8/2/19

Work Completed:

- Subgrade drainage pipes and gravel complete for an artificial turf field. This will ensure that the artificial turf field will drain properly.
- Limestone trail completed along northwest perimeter of the park.
- Demolition of fencing and hub pavement by softball fields 1-4. The center hub concession building will remain with architectural improvements.
- Irrigation pump and main lines were installed. This will facilitate additional irrigation improvements to fields on east Ackerman.

Upcoming Work:

- Installation of a concrete curb that will surround the new artificial turf field.
- Installation of the artificial turf field.
- Removal of some select trees that conflict with new construction or deemed unhealthy. New replacement trees will be planted.
- Trail edge restoration.
- Utility work for stormwater and irrigation improvements.
