April 18, 2023

To the President and Board of Commissioners, the Citizens of the Glen Ellyn Park District, and all interested parties:

The annual comprehensive financial report of the Glen Ellyn Park District, Illinois for the year ended December 31, 2022, is hereby submitted. The purpose of this report is to provide citizens, investors, grantor agencies, and any interested parties with reliable financial information about the Park District. The report has been prepared in accordance with generally accepted accounting principles (GAAP) and with standards prescribed by the Governmental Accounting Standards Board (GASB), the Government Finance Officers' Association of the United States and Canada, the State of Illinois Comptroller's Office and the State of Illinois. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the Glen Ellyn Park District. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the various funds, account groups and component units of the Glen Ellyn Park District. All disclosures necessary to enable the reader to gain an understanding of the Glen Ellyn Park District's financial activities have been included.

The financial reporting entity for the Park District includes all funds of the Glen Ellyn Park District, as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. The Park District does not have any component units at this time.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The Glen Ellyn Park District and Its Services

The Glen Ellyn Park District, incorporated in 1919, is located in western DuPage County, approximately 23 miles west of the Chicago Loop, adjacent to the city of Wheaton. The District serves all residents of the Village of Glen Ellyn, as well as residents of certain subdivisions in unincorporated Glen Ellyn, and portions of Lombard, Wheaton, Lisle, Glendale Heights, and Carol Stream. The Park District currently encompasses 14 square miles and a population of 28,846. Located within commuting distance of Chicago and Milwaukee, Wisconsin, the Park District has experienced strong growth in taxable valuation because of new residential and commercial construction. Growth, while providing additional tax revenue, also presents significant challenges in acquiring and developing additional park/open space land, and maintaining the present high quality of programs and services.

The mission of the Glen Ellyn Park District is "enhancing people's lives by promoting fun and preserving nature." Our vision is to "foster diverse, community-based leisure opportunities through a harmonious blend of quality recreation programs, facilities and open space which will enhance the quality of life into the future."

The Glen Ellyn Park District provides a wide range of recreational services to its citizens, including Adult Leisure, Arts & Crafts, Before and After School Care, Dance, Fitness, Gymnastics, Aquatic programs, Preschool, Senior Citizen socials and trips, Sports, Day camps, Teen and Family trips, and Special events.

The Park District owns and operates the 1,000 bather load Sunset Pool Aquatic Center, Lake Ellyn Park a natural spring fed lake, Main Street Recreation Center, Spring Avenue Recreation Center, Ackerman Sports and Fitness Center, and Maryknoll Park the site of a 36-hole handicap accessible miniature golf course, platform tennis, and splash park. The majority of Glen Ellyn Park District programs utilize the Main Street Recreation Center or the Spring Avenue Recreation Center.

The Park District is governed by a Park Board President and a seven member Board of Commissioners, elected for overlapping four-year terms. The Board appoints an Executive Director, Treasurer, Board Secretary, and an Attorney each year.

Major Initiatives

- The Park District Board of Commissioners established a Citizens' Finance Committee in 2011, consisting of volunteers of the community, with the goal of instituting a five-year financial forecast. In addition, a Citizens' Advisory Committee for the Ackerman Sports & Fitness Center was formed in 2015 and a Citizens' Environmental Advisory Committee was formed in 2016. In 2018, the District created an Athletic Advisory Council which includes citizen representatives from each athletic committee.
- The Citizens' Finance Committee and Park District staff continue to update and maintain a long-range capital replacement plan identifying projected costs, annual responsibility, and a funding plan.
- The Park District began producing an annual report detailing major happenings within the Park District beginning with its first edition in 2014. The report is typically produced in the first quarter of each year with the latest annual report for 2022 being distributed in March 2023.
- The Park District continues to outsource Information Technology (I.T.) services to provide increased service and support throughout the district, while minimizing related costs.
- The Park District implemented a business plan for the Ackerman Sports & Fitness Center in 2012. The original plan was updated in 2014 and continues to be updated and revised to provide a structure and a template for operation and direction.
- The Park District will continue developing Churchill Park as a Nature Preserve to include restoring the flora and fauna back to its original state. Outdoor education programming in this area has expanded greatly the last few years. In addition, reconstruction of the service drive was completed in spring 2019.
- The Glen Ellyn Park District is committed to maintaining compliance with the Americans with Disabilities Act. On average, the Glen Ellyn Park District makes over \$350,000 of ADA improvements annually at several different park sites. This is in addition to budgeting more than \$350,000 for the Western DuPage Special Recreation Association (WDSRA). The WDSRA provides leisure and recreation activities for adults and children with disabilities. The WDSRA is a cooperative of nine park districts.
- The Park District was presented with the "Sunshine Award" in 2013 for their excellence in transparency. The Illinois Policy Institute, a nonpartisan and nonprofit research organization promoting economic freedom and good government, audits and grades government agencies within Illinois based on availability to the public of vital community information. The Park District continuously strives to maintain the standards of the award.
- The Glen Ellyn Park District and Glenbard High School District 87 entered into a long-term intergovernmental agreement (IGA) for shared use of facilities and athletic fields. The partnership maximizes the use of community resources. District 87 contributes financially to the Park District to offset the disparity of needs; these funds are then reinvested back into the District, contributing to capital improvements and future asset replacements.
- In collaboration with the Glen Ellyn Food Pantry, the Park District hosts monthly food drives at the Ackerman Sports & Fitness Center. Approximately 7,000 pounds of groceries were collected in 2022.

- The Park District hosts monthly blood drives at the Ackerman Sports & Fitness Center. In 2022, nearly 1,500 lives were saved by over 500 donors donating 496 units of blood at the twelve (12) blood drives.
- A customer service initiative was introduced in 2016 with a focus on values such as Leadership, Efficiency, Attitude and Fun. The program continues to be implemented on an ongoing basis for all park district staff, both seasonal and full time.
- Consistent with the District's 20-year Park District playground replacement plan, the Sunset Park playground is being replaced in 2022 (completion anticipated for spring 2023) to include an expanded playground, new site furniture, various ADA improvements, and a new park sign.
- The Newton Park playground was initially budgeted to be replaced in 2020 which was also included within a broader OSLAD grant project. As the District was notified that it was awarded a grant and then informed otherwise, the playground and the other OSLAD remaining elements was deferred to 2021 in anticipation of receiving the OSLAD grant. The District was notified in January 2021 that it was to receive the grant which will fund Newton Park improvements including an accessible playground, renovated skatepark and improved connectivity. These projects were completed in 2022.
- As the sport of pickleball continues to increase in participation and interest, existing tennis courts at Village Green Park were converted to additional pickleball courts, as well as an additional four (4) pickleball courts are planned as part of the voter approved 2022 referendum.
- Interior Renovations for the Ackerman Sports & Fitness Center were completed in 2022 which included the installation of indoor batting cages, increased programming opportunities, and LED lights that provide future cost savings.
- Building upon the 2013 Lake Ellyn Master Plan, the district has begun efforts on a five-year period of
 improvements. Included in this five-year plan is a walkway between the Boathouse and fishing pier to
 provide more public access.
- A community-wide attitude and interest survey was completed in 2021. The results of the survey were instrumental in the Park District's decision to seek voter approval on a \$15.9 million referendum in June 2022
- As part of the 2022 voter-approved referendum, Sunset Pool will undergo significant improvements in 2023 and 2024. Those include infrastructure upgrades, new water slide features, a new splash pad, a new shallow depth water play area, new family changing areas, new and improved shade structures, and upgrades to food service and entryway improvements.
- Another major component of the 2022 referendum is the planned expansion to include a 6,000 square foot gymnastics center, a new adjacent 2,100 square foot viewing area and multi-purpose room, new first and second floor exercise and multipurpose studios. Construction is anticipated to be completed in 2024.
- The 2022 referendum also includes significant park improvements at Babcock Grove Park, Churchill Park, Lake Foxcroft Park, and the property along Lenox Road.

Department Focus

Customer Service Team: The Glen Ellyn Park District Customer Service team is committed to working together in a friendly and professional manner to provide quality programs and beautiful parks through our dedicated and caring staff. All Park District staff are currently receiving continued customer service training. This training will help Park District staff improve the customer service experience when customers sign up or participate in a park program or use one of the parks.

The Park District is also dedicated to saving our customers time as they sign up for park programs. Online real-time registration has been implemented and is a success. This service allows residents to register for programs using their personal computer and also check to see if they were able to get into a class without having to contact the Park District. Over 80% of all registration is received on line.

Financial Information

Management of the Park District is responsible for (1) establishing and maintaining an internal control structure designed to ensure that the assets of the Park District are protected from loss, theft or misuse; and (2) ensuring that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

The Park District uses accrual basis of accounting, with revenues being recorded when available and measurable, and expenditures being recorded when liability is incurred.

Budgeting Controls

The Park District maintains budgetary control to ensure compliance with legal provisions embodied in the annual appropriation ordinance approved by the governing body. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level. Activities of the general, special revenue, debt service and capital project funds are included in the annual appropriation ordinance.

As demonstrated by the statements and schedules included in the financial section of this report, the Park District continues to meet its responsibility for sound financial management.

Financial Policies and Practices

The Park District's Fund Balance Policy establishes target ratios for unrestricted fund balances to operating budget expenditures. The policy provides for the minimum amount of unreserved fund balance to be maintained for each fund, generally 25% of annual budgeted expenditures. These reserves are monitored and the annual budget is prepared in compliance with this policy.

The Park District's Capital Project Plan is reviewed annually prior to and during the budget process. Scheduled improvements are reevaluated to determine if they coincide with current priorities. Grant opportunities are considered and applied for when appropriate.

As a result of the current economy, the District has reacted to the challenges by maximizing existing resources, adjusting program offerings and maintaining staffing costs.

Fund Balances

Fund balances continue to improve in all funds including the General fund and Recreation fund. The Park District set a goal to accumulate 25% of operating expenditures in fund balances. Funds in excess of the Park District policy allows for transfers to capital project funds in order to offset future capital maintenance and replacement needs of the district. The fund balance goal is currently being met in all funds.

Independent Audit

State statutes require an annual audit by independent certified public accountants. The firm of Lauterbach and Amen, LLP was selected by the Park District Board of Commissioners to conduct the January 1, 2022 to December 31, 2022 fiscal year audit. The auditor's report on the basic financial statements is included in the financial section of this report.

Awards and Acknowledgments

In order to be awarded a Certificate of Achievement through the Government Finance Officers Association, the Park District publishes an easily readable and efficiently organized annual comprehensive financial report. This report satisfies both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report meets the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff of the finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the governing body of the Park District, preparation of this report would not have been possible.

INDEPENDENT AUDITORS' REPORT

April 18, 2023

Members of the Board of Commissioners Glen Ellyn Park District Glen Ellyn, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Glen Ellyn Park District, Illinois, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Glen Ellyn Park District, Illinois, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and GASB-required pension, and other post-employment benefit (OPEB) reporting, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Glen Ellyn Park District, Illinois April 18, 2023

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Glen Ellyn Park District, Illinois' basic financial statements. The other supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussions and Analysis December 31, 2022

The Glen Ellyn Park District (the "District") management discussion and analysis is designed to: (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the District's financial activity, (3) identify changes in the District's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Financial Highlights

- The District's financial status continues to be strong with the District concluding the year with a positive balance. Overall revenues on an accrual basis for all funds for the twelve months ended December 31, 2022 were \$15,389,203 and expenses were \$13,101,341.
- Total net position under the accrual basis of accounting increased \$2,287,862.
- Property taxes and replacement taxes collected were \$6,230,127 compared to the prior year of \$5,838,362 for an increase of \$391,765.
- The District continues to have the ability to devote resources toward maintaining, improving and expanding its parks, playgrounds and facilities. For the fiscal year ended December 31, 2022, \$2,474,537 was spent on capital outlay for the District.
- The District had no outstanding long-term debt as of December 31, 2022.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the District's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The District also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The District's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the *Statement of Net Position*. This is the District-wide statement of position presenting information that includes all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors such as diversification of the taxpayer base or the condition of the District's infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities* which reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the District's distinct activities or functions on revenues provided by the District's taxpayers.

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government and culture and recreation. The District does not have any activities currently classified as business-type activities.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

There are three types of funds: governmental, proprietary, and fiduciary. All of the District's funds are considered governmental funds.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the required supplemental information for the General Fund and major special revenue funds. Budgetary comparison schedules for all other funds can be found in a later section of this report. These schedules demonstrate compliance with the District's adopted annual appropriated budget.

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees, as well as budgetary comparison schedules for the General Fund and major special revenue funds.

Detailed budgetary comparison schedules for the General Fund and major special revenue funds, as well as budgetary comparison schedules for the remaining major governmental funds are presented in the supplementary information section of this report. An individual budgetary schedule for the District's nonmajor fund is also presented in this supplementary information section of the report.

Government-Wide Financial Analysis

Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the District as whole. The District's combined net position is \$54,408,384 as a result of operations from for the fiscal year ended December 31, 2022. Restricted net position increased from \$2,892,359 to \$3,375,665 due to an increase in funding of capital reserves. The District's financial position remains strong and stable due to several factors. Of those, recreational activities continue to operate at an overall surplus.

| | Net Position | | | |
|---|--------------|------------|------------|--|
| | 12/31/2022 | | 12/31/2021 | |

Governmental Activities

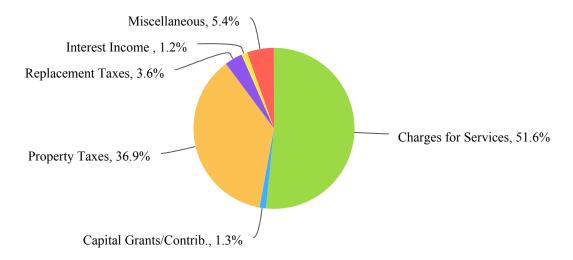

Governmental activities increased the District's net position by \$2,287,862. Key elements of the District's performance are as follows:

- Total revenues on the statement of activities of \$15,389,203 were made up primarily of property and replacement taxes of \$6,230,127 and user charges for recreation programs totaling \$7,931,759. Charges for services increased due to increase participation.
- Interest increased from \$21,103 in 2021 to \$188,617 in 2022. The District portfolio continues to use a benchmark of the average 90-day Treasury Bill. The District's strategy for investments did not change.
- Total expenses of \$13,101,341 included interest on long-term debt of \$32,976 and net depreciation of \$1,691,140, which has been allocated between general government and recreation expenses. Net Pension Liability/(Asset) expense was recorded in the current year of \$127,098.

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of property taxes and charges for services to fund governmental activities. It also clearly identifies the less significant percentage the District receives from replacement taxes.

Revenues by Source - Governmental Activities

Financial Analysis of the District's Funds

Governmental Funds

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$9,337,391 as of December 31, 2022, an increase of \$1,400,389 from December 31, 2021. The increase is attributed to the Glen Ellyn Park District's goal of strengthening fund balances and increases in charges for services.

Major Governmental Funds

The General, Recreation, Recreation for the Handicapped, Debt Service, Capital Projects, and Asset Replacement funds are the primary operating funds of the District.

The General Fund balance as of December 31, 2022 was \$2,274,959, an increase of \$497,518 from the prior year. Excluding net transfers in of \$101,849, the Fund has revenues in excess of expenditures of \$395,669. In accordance with the District's fund balance policy, excess funds within the General Fund are transferred to the Asset Replacement Fund to fund the maintenance and replacement of District assets.

The Recreation Fund balance of \$2,879,802 increased from the prior year by \$386,973. Excluding net transfers out of \$2,043,023, the Fund has revenues in excess of expenditures of \$2,429,996 due primarily to an increase in recreational program revenues.

The Recreation for the Handicapped Fund balance at year-end was \$635,499, an increase of \$103,553 from the prior year. This is attributed to an increase in property tax receipts and future planned spending of capital outlay expenditures.

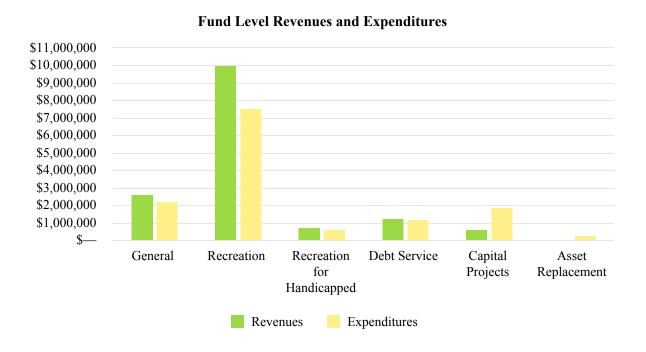

The Debt Service Fund balance at year-end was \$37,544, an increase of \$11,852 from the prior year. This is attributed to property tax receipts coming in higher than debt service payments.

The Capital Projects Fund had a surplus fund balance of \$0 for the fiscal year. Excluding net transfers out of \$1,272,098, the Fund has expenditures in excess of revenues of \$1,272,098 due primarily to the District's planned spending of capital outlay expenditures during the current year.

Major Governmental Funds - Continued

The Asset Replacement Fund balance of \$3,254,706 reported an increase of \$460,042 due primarily to the District's long-range financial planning of asset replacements and capital improvements.

See below for a chart which shows by fund a visual representation of revenues and expenditures.

General Fund Budgetary Highlights

The General Fund is reported as a major fund, and accounts for the routine park operations of the District. There were no amendments made to the General Fund budget during the year.

Actual revenues of \$2,655,939 were \$404,694 higher than budgeted due primarily to higher than anticipated property and replacement taxes, as well as interest and miscellaneous. Actual expenditures of \$2,260,270 were \$610,050 lower than budgeted due primarily to a tight labor market that kept staffing levels under budgeted expectations and kept salaries and wages and insurance expenditures under budget.

Capital Asset and Debt Administration

Capital Assets

The District's investment in capital assets, net of accumulated depreciation for governmental activities as of December 31, 2022 was \$45,196,070.

Major capital assets events during the fiscal year included new vehicle and equipment purchases under the District's replacement program and various park improvements.

Additional information on the District's capital assets can be found in Note 3 of this report.

Debt Administration

As of December 31, 2022, the District has no general obligation bonds outstanding, a decrease of \$1,208,000. The fund balance of the Debt Service Fund amounted to \$37,544 as of December 31, 2022.

| | Long-Term Debt Outstanding | | | |
|--------------------------------|--------------------------------|------------|--|--|
| | 12/31/2022 | 12/31/2021 | | |
| | | | | |
| General Obligation Bonds - Net | \$ <u>—</u> | 1,208,000 | | |

The 2021 equalized assessed valuation is \$1,853,187,353 (most recent available). On July 18, 1991, the Illinois General Assembly approved the Property Tax Extension Limitation Act 87-17 (the Act). The Act limits the increase in property tax extensions to 5% or the percent increase in the National Consumers Price Index (CPI), whichever is less. The Act applies to the 1994 levy year for taxes payable in 1995 and all subsequent years. Increases above 5% or the CPI must be approved by the voters in a referendum. The Act contains significant limitations on the amount of property taxes that can be extended and on the ability of such taxing districts to issue non-referendum general obligation bonds.

Legislation was introduced in the Illinois General Assembly which would amend the Property Tax Extension Limitation Law in the Property Tax Code. This legislation provides that "debt service extension base" means, for park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds).

Capital Asset and Debt Administration - Continued

Debt Administration - Continued

It also provides that "excluded non-referendum bonds" means (i) bonds authorized for certain aquarium and museum projects, (ii) double-barreled bonds, and (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

This legislation was successfully passed in November, 2003 that would address the unintended consequences of the property tax cap and authorize the issuance of non-referendum bonds by park districts annually for critical capital improvements, maintenance and repairs.

Additional information on the District's long-term debt can be found in Note 3 of this report.

Initiatives

The District continues to focus on maintaining and improving park district assets. As a result of the voter-approved referendum in 2022, the District will have significant capital improvements in the coming years which include expansion and renovations to the Ackerman Sports & Fitness Center, renovations to Sunset Pool, and acquiring additional open space for park district activities. District-wide maintenance projects continue to include the restoration of the Lake Ellyn boathouse, improvements to athletic fields, a community-wide native restoration project, a tree maintenance plan, a playground replacement plan, improvements to various park district pathways within the community, and a continue focus on improving customer service and internal efficiencies.

Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was not aware of any existing circumstances that would adversely affect its financial health in the near future.

Contacting the District's Financial Management

This financial report is designed to provide a general overview of the District's finances, comply with finance related laws and regulations, and demonstrate the District's commitment to public accountability. If you have any questions about this report or would like to request additional information, please contact Nicholas Cinquegrani, Deputy Director, Glen Ellyn Park District, 185 Spring Avenue, Glen Ellyn, IL 60137.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Glen Ellyn Park District (the District) of Illinois is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois approved July 8, 1947 and under all laws amendatory thereto. The District operates under the commissioner-director form of government. The District provides a variety of recreational facilities, programs and services.

REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61 "The Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

In April 2004, the Glen Ellyn Parks Foundation (the Foundation) was formed. The purpose of the Foundation is to promote the use of District resources and services, increase the recreational and educational programs offered by the District, establish open space areas for the benefit of the general public, and acquire, hold and convey land for future public parks and outdoor recreational areas. The Foundation also receives gifts, bequests and endowments for the benefit of the District. The Foundation is governed by a separately elected Board of Trustees, and is not controlled by the District. The Foundation is not considered a component unit of the District, and the financial activity of the Foundation is not included in these financial statements as it is not significant to the District.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). The District's general government and recreation functions are classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government and recreation, etc.). The functions are supported by general government revenues (property taxes, replacement taxes, interest, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The net costs (by function) are normally covered by general revenue (property taxes, replacement taxes, intergovernmental revenues, interest, etc.). The District does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds, which is recorded as a transfer.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. All of the District funds are reported as governmental funds. The emphasis in fund financial statements is on the major funds. Nonmajor funds by category are summarized into a single column.

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental funds combined) for the determination of major funds. The District electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements.

A fund is considered major if it is a primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all governmental funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

Governmental Funds - Continued

General Fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains two special revenue funds. The Recreation Fund, a major fund, is used to account for revenues and expenditures related to the establishment and maintenance of the following programs: sports and fitness, visual and performing arts, youth and adult general interest, camps, teens, preschoolers, seniors and aquatics. The Recreation for the Handicapped Fund, also a major fund, is used to account for revenues and expenditures related to the provision of recreational services for disabled individuals. Both the Recreation and the Recreation for the Handicapped Funds report charges for services for recreation programs and property taxes as the major revenue sources, both of which are restricted to culture and recreation programs administered by the funds.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District maintains three capital projects funds. The Capital Projects Fund is treated as a major fund and is used to account for the proceeds of bonds and expenditures restricted for capital improvements. The Asset Replacement Fund, also a major fund, is used to account for funds assigned for future capital maintenance, replacements, and improvements. Funds are derived from surplus operating income in excess of the levels established in the District's fund balance policy.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/ deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Measurement Focus - Continued

The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. In the fund financial statements, the "current financial resources" measurement focus is used as appropriate.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes.

Prepaids

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Prepaids are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased.

Capital Assets

Capital assets purchased or acquired with an original cost of more than \$10,000, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

| Land Improvements | 20 Years |
|-------------------------|---------------|
| Buildings | 20 - 50 Years |
| Infrastructure | 50 Years |
| Machinery and Equipment | 10 - 20 Years |
| Vehicles | 8 Years |

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Net Position - Continued

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Combined Budget and Appropriation Ordinance are prepared in tentative form by the Executive Director of Parks and Recreation, and are made available by the District Secretary for public inspection 30 days prior to final Board action. A public hearing is held on the tentative budget to obtain taxpayer comments.

Prior to January 1, the appropriations are legally enacted through the passage of a combined budget and appropriation ordinance. All actual expenditures contained herein have been compared to the annual appropriation.

The Board of Park Commissioners may:

Amend the Budget and Appropriation Ordinance in the same manner as its original enactment.

Transfer between items of any fund not exceeding in the aggregate 10% of the total amount appropriated in such fund.

After six months of the fiscal year, by two-thirds vote, transfer any appropriation item that it anticipates will be unexpended, to any other appropriation item.

All appropriations lapse at year-end. Expenditures may not legally exceed budgeted appropriations at the fund level. No appropriation amendments were necessary during the year. Management cannot amend the Budget and Appropriation Ordinance.

Budgetary funds are controlled by an integrated budgetary accounting system in accordance with various legal requirements that govern the District.

Notes to the Financial Statements December 31, 2022

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUND

The following fund had an excess of actual expenditures, over budget as of the date of this report:

| Fund | Excess | |
|------------|--------|---------|
| | | |
| Recreation | \$ | 421,714 |

The Recreation Fund is calculating as over budget; however, it is not over the appropriation.

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, the Illinois Funds, the Illinois Metropolitan Investment Fund, and the Illinois Park District Liquid Asset Fund.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, which is the price for which the investment could be sold.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

The Illinois Park District Liquid Asset Fund (IPDLAF) allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the Illinois Park District Liquid Asset Fund. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an investment company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the District's deposits totaled \$742,754 and the bank balances totaled \$816,786. In addition, the District has \$4,819,348 invested in the Illinois Funds, \$7,697,805 invested in IMET, and \$213,896 invested in IPDLAF.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's investment policy limits its exposure to interest rate risk by requiring that the investment portfolio remain sufficiently liquid to enable the District to meet all of its reasonably anticipated operating requirements. The District's investments in the Illinois Funds, IMET and IPDLAF have an average maturity of less than one year.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's investment policy does not further limit investment choices besides those authorized under state statute. As of December 31, 2022, the District's investment in the Illinois Funds and IPDLAF were rated AAAm by Standard & Poor's and the District's investment in IMET Convenience Fund was not rated.

Concentration Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy diversifies it investments by:

- Limiting investments to avoid overconcentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities);
- Limiting investment in securities that have higher credit risks;
- Investing in securities with varying maturities; and
- Continuously investing a portion of the portfolio in readily available funds such as local government investment pool (LGIP's), money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

At year-end, the District does not have any investments over 5 percent of total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk - Continued

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, with the collateral held by the District or the Federal Reserve Bank of Chicago. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance. For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. To limit its exposure, the Districts investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held by an independent third-party custodian and evidenced by safekeeping receipts. At December 31, 2022, the District's investment in the Illinois Funds, IMET and IPDLAF are not subject to custodial credit risk.

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by DuPage County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

| Transfers In | Transfers Out | Amount |
|-------------------|-------------------|----------------|
| General | Recreation | \$ 103,223 (2) |
| General | Debt Service | 1,000 (1) |
| Capital Projects | Asset Replacement | 1,352,098 (3) |
| Asset Replacement | Recreation | 1,939,800 (1) |
| Asset Replacement | General | 2,374 (1) |
| Asset Replacement | Capital Projects | 80,000 (1) |
| | | |
| | | 3,478,495 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the Recreation Fund to finance various programs accounted for in the General Fund in accordance with budgetary authorizations.

Notes to the Financial Statements December 31, 2022

SHORT-TERM DEBT

General Obligation Limited Tax Park Bonds

The District issues general obligation limited tax park bonds to provide funds for the acquisition, construction and maintenance of major capital facilities. General obligation limited tax park bonds are direct obligations and pledge the full faith and credit of the District. The schedule below details the changes in short-term debt for the fiscal year ended December 31, 2022:

| | Beginning | | | Ending |
|---|-----------|-----------|-------------|-----------|
| Issue | Balances | Issuances | Retirements | Balances |
| General Obligation Limited Tax Refunding Park Bonds of 2022 - Due in one installment of \$1,301,177 plus interest at 3.53% on December 15, 2023. | <u>\$</u> | 1,301,177 | | 1,301,177 |

LONG-TERM DEBT

General Obligation Bonds

The District issues general obligation limited tax park bonds to provide funds for the acquisition and construction of major capital facilities. General obligation limited tax park bonds are direct obligations and pledge the full faith and credit of the District. General obligation bonds currently outstanding are as follows:

| | Beginning | | | Ending |
|---|--------------|-----------|-------------|----------|
| Issue | Balances | Issuances | Retirements | Balances |
| General Obligation Limited Tax Refunding Park Bonds of 2019 - Due in installments of \$652,000 to \$1,208,000 plus interest at 1.71% through December 15, 2022. | \$ 1,208,000 | | 1,208,000 | _ |

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT - Continued

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

| | Beginning | | | Ending | Amounts Due within |
|------------------------------|-------------|-----------|------------|-----------|--------------------|
| Type of Debt | Balances | Additions | Deductions | Balances | One Year |
| Governmental Activities | | | | | |
| Compensated Absences | \$ 162,436 | 2,322 | 4,644 | 160,114 | 32,023 |
| Net Pension Liability - IMRF | (1,824,321) | 2,594,763 | _ | 770,442 | |
| Total OPEB Liability - RBP | 373,217 | | 170,494 | 202,723 | |
| General Obligation Bonds | 1,208,000 | _ | 1,208,000 | _ | _ |
| | | | | | |
| | (80,668) | 2,597,085 | 1,383,138 | 1,133,279 | 32,023 |

For the governmental activities, the compensated absences, the net pension liability, and the total OPEB liability are liquidated by the General Fund and the Recreation Fund. Payments on the general obligation bonds are made by the Debt Service Fund.

Legal Debt Margin

Chapter 70, Section 1205/6-2 of the Illinois Compiled Statutes provides "...for the payment of land condemned or purchased for parks or boulevards, for the building, maintaining, improving and protection of the same and for the payment of the expenses incident thereto, or for the acquisition of real estate and lands to be used as a site for an armory, any park district is authorized to issue the bonds or notes of such park district and pledge its property and credit therefore to an amount including existing indebtedness of such district so that the aggregate indebtedness of such district does not exceed 2.875% of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the issue from time to time of such bonds or notes or, until January 1, 1983, if greater, the sum that is produced by multiplying the district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, if a petition, signed by voters in number equal to not less than 2% of the voters of the district, who voted at the last general election in the district, asking that the authorized aggregate indebtedness of the district be increased to not more that .575% of the value of the taxable property therein, is presented to the Board and such increase is approved by the voters of the district at a referendum held on the question."

Notes to the Financial Statements December 31, 2022

| Non-Referendum Legal Debt Limit 0.575% of Assessed Valuation Amount of Debt Applicable to Debt Limit | 10,655,827 |
| Non-Referendum Legal Debt Margin | 10,655,827 |

NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of December 31, 2022:

Governmental Activities

Capital Assets - Net of Accumulated Depreciation

\$ 45,196,070

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS - Continued

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's policy manual states that the unrestricted fund balance of the General Fund target should represent no less than three months and no more than six months of operating expenditures. The portion of the Special Revenue Funds fund balance derived from property taxes will be legally restricted. The remaining fund balance amount will be targeted at a minimum level of 25% of annual budgeted expenditures.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

| | _ | Special | Revenue | | | | Nonmajor | |

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

Park District Risk Management Agency (PDRMA)

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since 1991, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect as of January 1, 2022 to January 1, 2023:

| | | PDRMA Self- | |
|--------------------------------------|------------|-------------|---|
| Coverage | Member | Insured | Limits |
| | Deductible | Retention | |

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021. The District's portion of the overall equity of the pool is 0.622% or \$354,866.

| Assets | \$ 77,156,496 |
|--|------------------|
| Deferred Outflows of Resources - Pension | 871,829 |
| Liabilities | 19,465,811 |
| Deferred Inflows of Resources - Pension | 1,466,716 |
| Total Net Position | 57,095,798 |
| Operating Revenues | 17,390,850 |
| Nonoperating Revenues | 2,635,445 |
| Expenditures | 19,688,616 |

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) - Continued

Since 96.36% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available

Park District Risk Management Agency (PDRMA) Health Program

Since 1993, the District has been a member of the Park District Risk Management Agency (PDRMA) Health Program, a health insurance pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$300,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021.

| Assets | \$ 30,099,639 |
|--|------------------|
| Deferred Outflows of Resources - Pension | 373,641 |
| Liabilities | 4,502,442 |
| Deferred Inflows of Resources - Pension | 628,592 |
| Total Net Position | 25,342,246 |
| Operating Revenues | 32,172,095 |
| Nonoperating Revenues | 58,241 |
| Expenditures | 31,205,267 |

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Unemployment Insurance

The District is subject to the State of Illinois Unemployment Compensation Act and has elected the reimbursing employer option for providing unemployment insurance benefits for eligible former employees. The District reimburses the State for claims paid by the State.

DEFERRED COMPENSATION PLAN

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all District employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, deaths or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are held in Trust for the exclusive benefit of all participants and beneficiaries. It is the opinion of the District's legal counsel that the District has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. As the plan assets are held in trust for the sole benefit of the participants, they are not reported on the District's balance sheet.

CONTINGENT LIABILITIES

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

JOINT VENTURE

Western DuPage Special Recreation Association (WDSRA)

The District is a member of the Western DuPage Special Recreation Association (WDSRA), an association of seven other area park districts, and one municipality that provides recreational programs and other activities for handicapped and impaired individuals. Each member agency shares equally in WDSRA, and generally provides funding based on up to 0.0400 cents per \$100 of its equalized assessed valuation. The District contributed \$365,655 to WDSRA during the current fiscal year.

The District does not have a direct financial interest in WDSRA and, therefore, its investment therein is not reported within the financial statements. Upon dissolution of WDSRA, the assets, if any, shall be divided between the members, in accordance with equitable formula, as determined by a unanimous vote of WDSRA's Board of Directors. Complete separate financial statements for WDSRA can be obtained from WDSRA administrative offices at 116 Schmale Road, Carol Stream, Illinois.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Benefits Provided - Continued. IMRF provides two tiers of pension benefits. Employees hired **before** January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

| Inactive Plan Members Currently Receiving Benefits | 40 |
|--|-----|
| Inactive Plan Members Entitled to but not yet Receiving Benefits | 75 |
| Active Plan Members | |
| | |
| Total | 165 |

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2022, the District's contribution was 7.13% of covered payroll.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Net Pension Liability/(Asset). The District's net pension liability/(asset) was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2022, using the following actuarial methods and assumptions:

| Actuarial Cost Method | Entry Age Normal |
|--|---------------------|
| Asset Valuation Method | Fair Value |
| Actuarial Assumptions Interest Rate | 7.25% |
| Salary Increases | 2.85% to 13.75% |
| Cost of Living Adjustments | 2.75% |
| Inflation | 2.25% |

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued.

| | | Long-Term |
|---------------------------|--------|----------------|
| | | Expected Real |
| Asset Class | Target | Rate of Return |
| | | |
| Fixed Income | 25.50% | 4.90% |
| Domestic Equities | 35.50% | 6.50% |
| International Equities | 18.00% | 7.60% |
| Real Estate | 10.50% | 6.20% |
| Blended | 9.50% | 6.25% - 9.90% |
| Cash and Cash Equivalents | 1.00% | 4.00% |

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the District calculated using the discount rate as well as what the District's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

| | Current | | | | |
|-------------------------------|--------------|---------------|-------------|--|--|
| | 1% Decrease | Discount Rate | 1% Increase | | |
| | (6.25%) | (7.25%) | (8.25%) | | |
| | | | | | |
| Net Pension Liability/(Asset) | \$ 2,349,239 | 770,442 | (467,897) | | |

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Glen Ellyn Park District Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP offers medical, prescription drug, dental and vision coverage. Retirees pay the full premium.

Plan Membership. As of September 30, 2022, the measurement date, the following employees were covered by the benefit terms:

| Inactive Plan Members Currently Receiving Benefits | 3 |
|--|-----|
| Inactive Plan Members Entitled to but not yet Receiving Benefits | _ |
| Active Plan Members | _29 |
| | |
| Total | 32 |

Total OPEB Liability

The District's total OPEB liability was measured as of September 30, 2022, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.25% |
|--|-------------------------------------|
| Salary Increases | 2.89% to 9.85% |
| Discount Rate | 4.02% |
| Healthcare Cost Trend Rates Medical | 6.00% Graded to 4.50% over 15 Years |
| Prescription Drugs | 8.00% Graded to 4.50% over 17 Years |

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS - Continued

Total OPEB Liability - Continued

Actuarial Assumptions and Other Inputs - Continued. The discount rate was based on the General Obligation Municipal Bond Rate as of September 30, 2022.

Mortality rates for healthy postretirement members were based on Pub-2010 General Healthy Retiree Headcount-Weighted Below-Median Income Mortality Tables adjusted by 106% for males and 105% for females projected generationally using Scale MP-2020. Mortality rates for disabled postretirement members were based on Pub-2010 Disabled Retiree Headcount-Weighted Mortality Tables projected generationally using Scale MP-2020.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
 General Fund
 Recreation Special Revenue Fund
 Debt Service Fund
 Capital Projects Fund
 Asset Replacement Capital Projects Fund
- Budgetary Comparison Schedule Nonmajor Governmental Fund Cash in Lieu of Land Donations - Capital Projects Fund

INDIVIDUAL FUND SCHEDULES

GENERAL FUND

The General Fund is the general operating fund of the District and is used to account for all revenues and expenditures of the District which are not accounted for in other funds

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for revenues and expenditures related to the establishment and maintenance of the following activities: sports and fitness, visual and performing arts, youth and adult general interest, camps, teens, preschoolers, seniors and aquatics.

Recreation for the Handicapped

The Recreation for the Handicapped Fund is used to account for revenues and expenditures related to the provision of recreational services for disabled individuals.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for all resources used for the acquisition of capital facilities by a governmental unit.

Capital Projects Fund

The Capital Projects Fund is used to account for the proceeds of bonds and expenditures restricted for capital improvements.

INDIVIDUAL FUND SCHEDULES

CAPITAL PROJECTS FUNDS - Continued

Asset Replacement Fund

The Asset Replacement Fund is used to account for funds assigned for future capital maintenance, replacements, and improvements. Funds are derived from surplus operating income in excess of the levels established in the District's fund balance policy.

Cash in Lieu of Land Donations Fund

The Cash in Lieu of Land Bonds Fund is used to account for cash donations in lieu of land donations and expenditures for capital improvements.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

⁽¹⁾ Assessed value is set by the County Assessor on an annual basis. The assessment level is then adjusted by the State with a County Multiplier based on the factor needed to bring the average prior years' level up to 33-1/3% of market value. All property is reassessed on a repeating triennial cycle.
