RE: Spring Avenue Recreation Center Plumbing Bid Results

At Spring Avenue Recreation Center, existing galvanized piping runs from the south boiler room all the way to the north administration wing of the building. This is original to the building and has caused issues due to the nature of galvanized piping. The piping is hung in a small, confined space crawl tunnel with a gravel floor. This project was identified in the Budget for \$85,000.

On April 9th, staff publicly noticed invitations for bids, requesting contractors to provide proposals for Plumbing Improvements at Spring Avenue Recreation Center. The scope of work included replacing existing galvanized supply piping with flexible non-corrosive piping and associated work.

Included in the scope was adding water heaters to the front bathrooms. An item discovered in a code review that was not contemplated at the time of budgeting last year.

The bid opening for was conducted on April 30th, at which time two (2) sealed bids were received, opened, and read aloud.

CR Leonard Plumbing & Heating submitted the lowest lump sum bid of \$97,000. The submitted bid was vetted and found to be complete.

Timing of work will be done this summer while preschool is out of session. The switchover between water services will be done at night or during a weekend time, with no interruption to the building operations.

Recommendations: Park District staff recommends awarding the Spring Avenue Recreation Center Plumbing bid to CR Leonard Plumbing & Heating for the amount of \$97,000.

Motion: I make the motion to award the Spring Avenue Recreation Center Plumbing bid to CR Leonard Plumbing & Heating for the amount of \$97,000.

RE: Ackerman Ring Road Bid Results

On the perimeter of the softball fields and turf field at Ackerman Park is an asphalt road with parking that serves as the parking and circulation to all of the fields. This asphalt is originally from the early 2000s and is past its useful life. This project was included in the 2024 Budget for \$600,000.

On April 24, staff publicly noticed invitations for bids, requesting contractors to provide proposals for Ring Road Asphalt Improvements at Ackerman Park. The scope of work included repair and resurfacing of existing parking lots and road.

The bid opening was conducted on May 15, at which time seven (7) sealed bids were received, opened, and read aloud. This bid included a base bid of the north parking lots, east parking lots (Alternate 2), and paving of the maintenance garage area (Alternate 1). RE: Frank Johnson Center Pay Application – May 1st

The Frank Johnson Center, FJC, is the maintenance headquarters for the Park District. Situated on two acres of land, the building was formerly an ice manufacturing facility. Originally constructed in c.1930 and most recently renovated in 2001. FJC has served as a recreation, administration, and maintenance facility prior to becoming the maintenance headquarters.

To ensure the facility continues to remain capable of serving the demands and needs of the community for years to come, the Glen Ellyn Park District has budgeted for the construction of a new facility at the same location. This was the outcome of a master planning facility study that deemed the existing buildings not worthy of renovation.

Featherstone Inc., the construction manager, in coordination with staff, publicly noticed invitations for bid in April of 2023, to complete all aspects of the project.

Attached is the May 1st Payment Application for the work performed in April in the amount of \$637,290.99. This request is from Featherstone, Inc., who is the Construction Manager for this project. The total amount will be paid to Featherstone, who will pay subcontractors, and this includes construction to date including installation of finishes, and more.

The building is complete, and staff is in the process of moving in.

Recommendations: As the services identified within the payout request have been performed, staff recommends Board approval for Featherstone, Inc. May payout request for the Frank Johnson Center construction in the amount of \$637,290.99.

Motion: I make a motion to approve the Featherstone, Inc. May payout request for the Frank Johnson Center construction in the amount of \$637,290.99.

RE: Sunset Pool Improvements – April Pay Application

Originally constructed in the 1950s, Sunset Pool has had no major improvements for more than 20 years. It is one of the most well-attended facilities within Glen Ellyn and always rated as a highly valued community asset. Implementing periodic improvements will ensure the pool continues to serve our residents.

As part of the approved 2022 referendum, planned expansion and improvements include: adding new water slide features, new splash pad, new zero-depth water play area, new family changing areas, new shade structures and outdoor seating, upgrades to food service, and entry improvements so individuals can easily access the pool without going through locker rooms. Unseen but important infrastructure upgrades—to benefit first-time swimmers and adult lap swimmers alike—include upgrades to pool pumps to keep pool water clean and safe. Attached is the April Pay Application for the improvements in the amount of \$785,014. This pay application is from W.B. Olson, who is the Construction Manager for this project and includes construction and finishing of the slides, play equipment, new wading pool, bathhouse, and concessions.

Sunset Pool is on track to open on time to the general public on Memorial Day weekend.

Recommendations: As the services identified within the pay application have been performed, staff recommends Board approval for W.B. Olson April pay application for the Sunset Pool construction in the amount of \$785,014.

Motion: I make a motion to approve W.B. Olson April pay application for the Sunset Pool construction in the amount of \$785,014.

RE: Ackerman Sports and Fitness Center – April Payment Application 10

Ackerman Sports & Fitness Center has been Glen Ellyn Park District’s most active facility since it opened in 2010. The center has something for everyone, whether it be recreational players, people with disabilities, elite athletes, seniors, families with young children, youth, or young adults, among others.

As part of the approved 2022 referendum, planned expansion and improvements include: a new 6,000 square-foot gymnastics center, a new first and second floor exercise and multipurpose studio, an improved customer service center, covered entry, and expanded parking.

Attached is a Payment Application for the work conducted in April, in the amount of \$543,191.37. This pay application is from Wight Construction, who is the Construction Manager for this project.

This pay application includes the construction of the gymnastics studio, including walls, floors, utilities, painting, and finishing.

Recommendations: As the services identified within the pay application have been performed, staff recommends Board approval for Wight Construction pay application #10 for the Ackerman addition and renovation in the amount of \$543,191.37.

Motion: I make a motion to approve Wight Construction pay application #10 for the Ackerman addition and renovation in the amount of \$543,191.37.

RE: Referendum and Capital Projects Updates

The Glen Ellyn Park District referendum request for \$15.9 million to repair, improve and expand facilities, upgrade four park properties throughout the district, and purchase additional land for parks, was approved in June of 2022. Additionally, there are other significant projects, including the Frank Johnson Center replacement which is currently in progress.

All referendum projects are expected to be completed by 2026 and staff have begun the process of implementation. To keep the Board informed of progress, a brief update will be provided on the projects and a contingency report will be provided.

During the presentation, staff will be available for questions and comments.
