

### **Ackerman Pickleball – Update (October 29, 2024)**

Four outdoor pickleball courts will be added to the northeast section of Ackerman Park, just north of the adult fitness station. They will be constructed with color-coated asphalt and fenced on all sides and between courts. Additionally, a shaded waiting and viewing area will be located centrally.

#### **Updates:**

- A contractor was selected early in 2024
- Park District staff has been working on permitting since that time
- Village staff has asked this improvement to go before the Plan Commission as a Special Use Permit
- All documents have been submitted, and we are waiting to be put on an agenda or additional comments from the Village
- Continued demolition of east parking lots

#### **Questions or Concerns?**

If you have any questions or concerns regarding the project, please reach out to Nathan Troia at [ntroia@gepark.org](mailto:ntroia@gepark.org). Thank you for your support as we work to enhance Ackerman Park for everyone!
