

Ackerman Pickleball – Update (November 21, 2024)

Four outdoor pickleball courts will be added to northeast Ackerman Park, just north of the adult fitness station. They will be constructed of color-coated asphalt with fencing on all sides and in between courts. Additionally, there will be a shaded waiting and viewing area located centrally.

Updates:

- A contractor was selected early in 2024
- Park District staff has been working on permitting since that time
- Village staff has asked this improvement to go before the Plan Commission as a Special Use Permit. This date has been tentatively set for December 12, 2024
- All documents have been submitted, and we are waiting to be put on an agenda or additional comments from the Village
- Continued demolition of east parking lots

Questions or Concerns?

If you have any questions or concerns regarding the project, please reach out to Nathan Troia at ntroia@gepark.org. Thank you for your support as we work to enhance Ackerman Park for everyone!
